PROFESSIONAL SUMMARY

Senior Tax Analyst with 5+ years of experience in state and local tax (SALT) audit defense, multi-state tax research, and compliance analysis. Proven track record in preparing data-driven responses to information document requests (IDRs), supporting audit defense engagements, and driving process improvement through tax automation and data analytics. Skilled in SQL, Excel, and tax research tools; known for delivering accurate taxability determinations and collaborating across cross-functional teams. Holds an M.S. in Information Technology Management with a focus on tax automation and compliance workflows.

PROFESSIONAL EXPERIENCE

Contract Tax Analyst – PwC November 2025 – Present | Dallas, TX

- Researched and documented state & local tax positions across multiple jurisdictions, preparing tax research memoranda to support audit defense and Information Document Request (IDR) responses.
- Analyzed transactional data and compiled supporting work papers in response to state auditor inquiries, ensuring timely and accurate submissions for ongoing audit engagements.
- Validated exemption certificates and identified compliance gaps using CCH IntelliConnect and state DOR portals, collaborating with cross-functional client teams to remediate audit exposure.

Senior Tax Analyst – Ryan LLC July 2022 – December 2023

- Led SALT audit defense engagements by compiling work papers, organizing transactional documentation, and coordinating responses to state auditor inquiries across 50+ client accounts.
- Researched and documented complex state tax issues including Washington B&O Tax and Business Personal Property Tax, delivering taxability determinations and revenue ruling analyses for audit positions.
- Drove process improvement and automation initiatives by validating jurisdiction-level tax rates using SQL and Excel, reducing manual rate entry errors for the forms development team.
- Partnered with cross-functional teams across tax compliance, consulting, and client accounts to advise on taxability positions, exemption applicability, and state & local tax regulations.
- Prepared detailed tax research memoranda documenting state & local tax regulations and revenue rulings, directly supporting audit defense and special project engagements.
- Maintained jurisdiction-level tax rates across state, county, and municipal jurisdictions using tax content management software, ensuring rate accuracy for multi-state tax compliance.
- Supported indirect tax consulting engagements for multi-state clients, advising on complex tax structures, thresholds, classifications, and exemption requirements.

Tax Analyst – Ryan LLC August 2020 – July 2022

- Conducted Sales & Use Tax compliance research across 45+ states, performing taxability analysis and drafting tax research memoranda using CCH IntelliConnect and state DOR portals.
- Administered tax rates in content management software, cross-referencing DOR sources to identify and correct jurisdictional tax rate discrepancies for client accounts.
- Supported tax return preparation and indirect tax advisory for client engagements, assisting senior analysts with audit defense documentation and work paper preparation.
- Trained 3 junior analysts on SALT compliance methodology, CCH tools, DOR navigation, and tax exemption management best practices.

Business Analyst – Addicor Technologies January 2019 – July 2020 | Bangalore, India

- Gathered and documented compliance and business requirements for 12+ projects, improving requirement clarity and reducing rework by 25%.
- Built SQL and Power BI reporting dashboards, reducing manual reporting effort by 35% across finance and operations functions.
